STF TV DOUGH SHEETER HD (HEAVY DUTY)

The STF total vacuum dough sheeter is designed to produce pasta sheets in the total absence of air and obtain (based on the use of the same raw materials), a product which is:

- A more intense shade of yellow
- More elastic
- More compact
- Better at withstanding cooking.

Automatic absolute vacuum dough sheeter in stainless steel for producing pasta sheets. Automatic production which does not require the fixed presence of an operator. Resilient and well-built machine, it has been designed for intensive and heavy use. It is also perfect for kneading hard and compact dough. Great output.

Main technical features:

- Ideal for producing every type of dry or fresh pasta, be it filled or simple
- Oversizing of all versions without encountering any mechanical problems
- The special design of the kneading rollers makes it possible to vary the “dough compression” phase
- The machine is equipped with an innovative lever system so that it can be opened completely
